STUDIO CLASS DESCRIPTIONS

Body Build (Studio) – Take the "Time to Build" with this challenging 45-minute resistance class. Your instructor will take you from head to toe using mostly bands to build strong and lean muscles and improve core stability. You will walk away from this class feeling a different kind of connection to your body.

Easy Spin (Studio)- kick off your morning with a steady state ride focusing on keeping your heart rate low and building aerobic capacity.

Monday Motivation (Studio)- This class is for all fitness levels. We will complete a variety of exercises to build endurance, strength and cardio fitness for the whole body. All while listening to fun, upbeat music. You'll leave smiling and feeling stronger.

Move to Improve (Whitcomb Building) – A fitness class designed for those looking to try out a group class with modifications made for seated or standing participation. With emphasis on what YOU can do, get your heart rate up and body moving under the safe guidance of an instructor.

Pilates/Barre Fusion (Studio) – Low intensity Pilates & barre based strengthening workout with a focus on building strong stabilizing muscles. Pilates & Barre promote enhanced mobility, posture, balance & body awareness through a variety of controlled movements. Different variations for movements are offered to make this class enjoyable for all fitness levels.

Power Hour Spin (Studio) – An hour spin class for ALL fitness levels that will meet you where you are at and personalize the workout to leave you feeling stronger. This class will include a focus on proper technique, form, aerobic boosting intervals, strengthening hill climbs, and a stretching cool down.

Step by Step(Studio)- A quick moving step class that raises the heart rate and builds stability and coordination.

Strength and Stability- using TRX Bands, exercise balls, and resistance bands we will focus on building core strength, improving stability and overall strength.

Strength and Core(Studio)- Come and have fun and build Strength. Learn how to build muscular endurance and power through a variety of different equipment mediums. This will be a full body workout, including your core. Don't leave strength out of your workout regime.

TRX (Studio) – A form of suspension training that uses body weight exercises to develop strength, flexibility, balance and core stability simultaneously. Participants leverage gravity and body weight for overall strength and toning.

TRX Yoga (Studio)- Using TRX suspension bands lengthen and tone muscles through yoga poses.

Total Body Tone(Studio) using resistance bands we will focus on building lean muscles for a full body workout.

Stretch Yoga(Studio)- participants will be guided through yoga movements with a focus on releasing tension, relaxing and stretching.

Yoga Flow (Studio) Vigorously move through yoga poses while connecting with your mind and breath.

AQUATIC CLASS DESCRIPTIONS

AquaFit (Pool) – Join us for our completely new Aquatic Fitness class! Have fun while learning how to use our pool to improve your strength, mobility, and flexibility.

Strength & Stamina (Pool) – Focus on strength and stamina with this combo cardio and strength class! You'll constantly be moving in this class that uses different equipment each week, gets your heart rate up and keeps you happy!

Slow Aqua- a beginners aqua based class focusing on balance, strength and mobility.

Hydro Power- A focus on building both strength and cardio using weights and resistance.
